

# *Software from the Cloud – Smart Factory Cloud Services*

The operation of software requires regular **upkeep**.  
These tasks are **time-consuming** and distract from the actual value creation of a company. After all, know-how must be acquired to ensure that the systems are kept up to date.

MPDV's Smart Factory Cloud Services are now  
providing the **Software as a Service (SaaS)**.

MPDV takes on the tasks of **deployment, maintenance and update of the systems**

The applications no longer run on your own server, but are accessed **online**

**The customer is only the user**

The only responsibility of the user is the **operation of the clients** in the company. If required, the customer installs, for example, Shopfloor Apps or Shopfloor Hubs

Features

The system is **always up to date**

**IT security** is guaranteed

**Costs** for staff like administrators are reduced

Benefits of the Smart  
Factory Cloud Services

**Quick deployment** within five business days

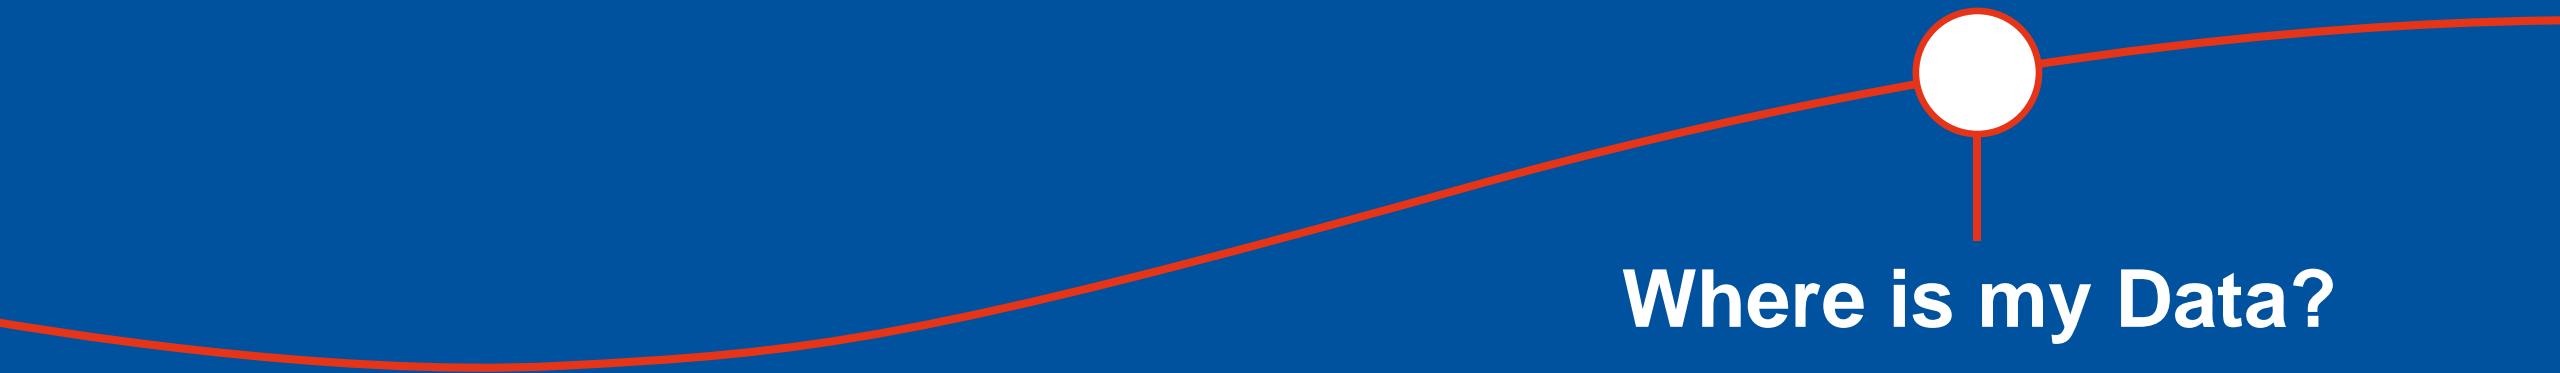

**Increased flexibility** to instantly react to market developments

**Lower hardware requirements**

**Benefits of the Smart Factory Cloud Services**

The data can be stored in the **Azure Cloud at Microsoft**.  
But **users can decide themselves** on the region or the country  
where they want to store the data.

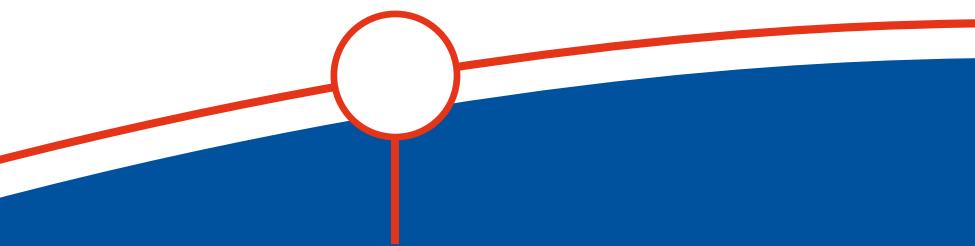

Where is my Data?

Even if your systems are in the cloud, you can quickly and flexibly connect them to other applications via **interfaces**.

Using MPDV's **Cloud Connector**, you can easily connect to other cloud software systems such as an ERP.

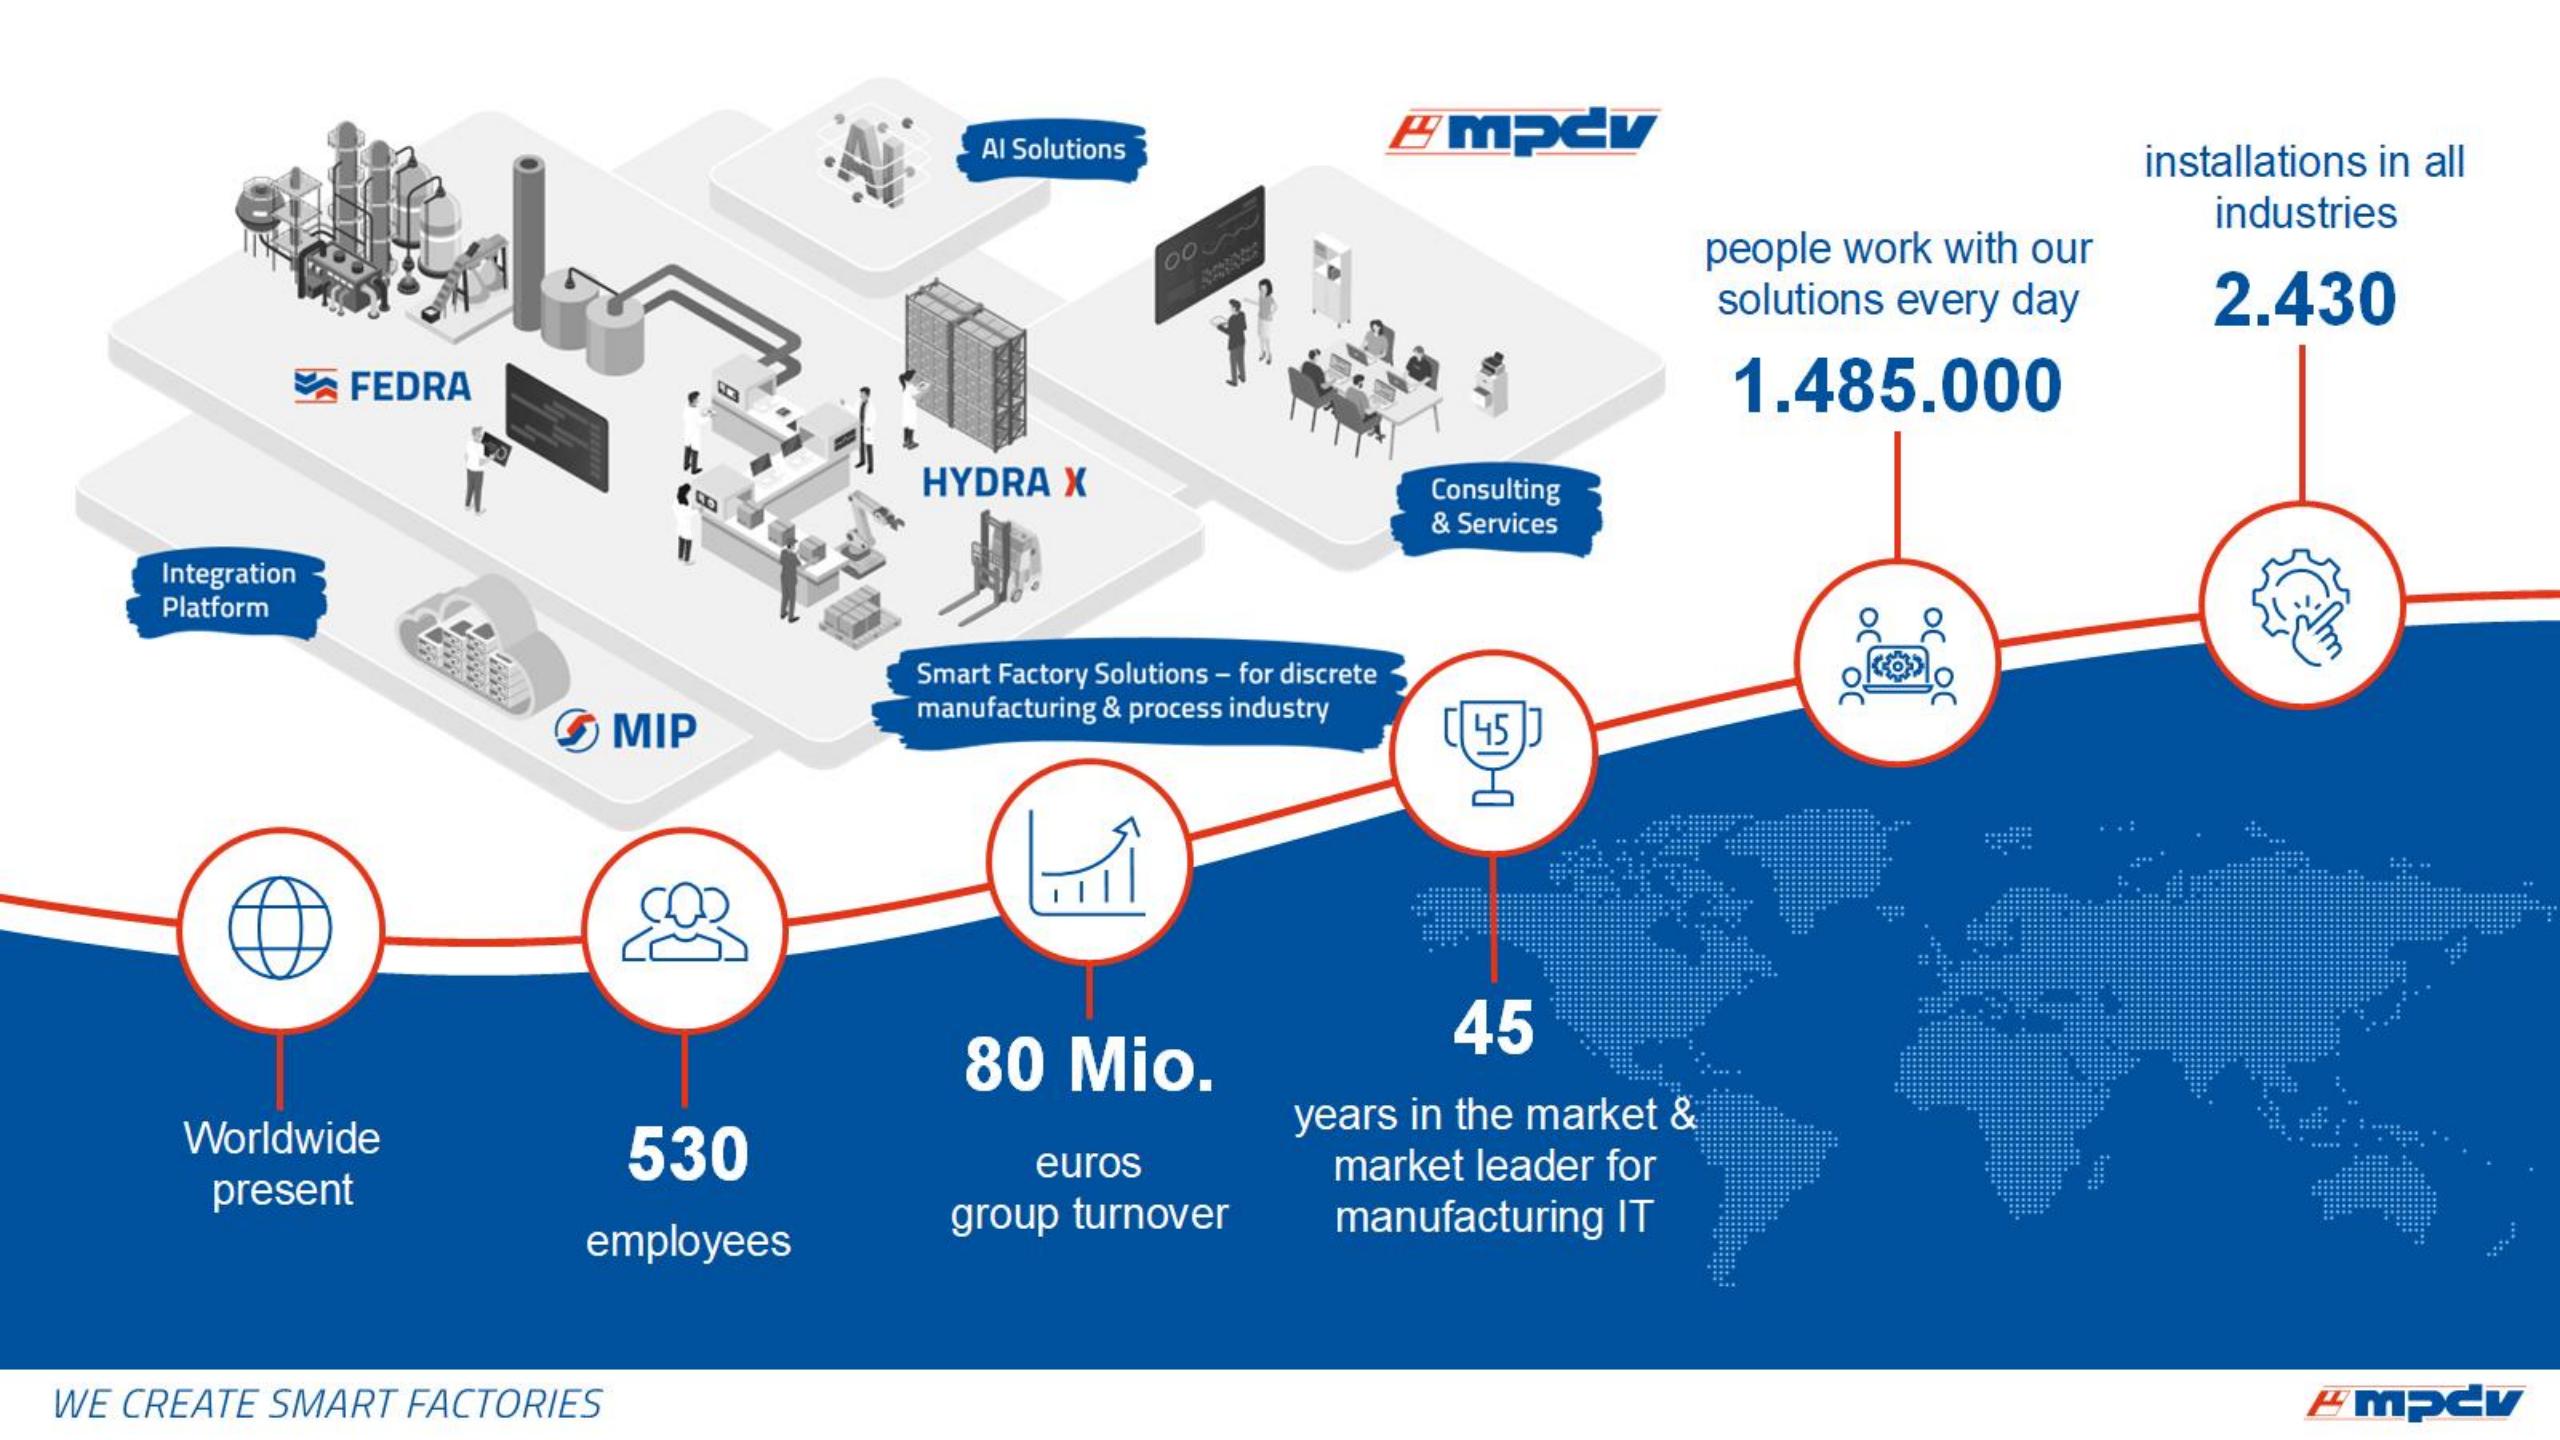

**Easy Connection of Systems**

A wide-angle photograph of the MPDV headquarters. The complex consists of several modern buildings with a clean, industrial aesthetic. On the left is a grey building with blue horizontal stripes and a red logo. In the center is a white building with a grey roof and a red 'MPDV' logo. To the right is a large blue building with a white roof and a prominent red 'MPDV' logo. The buildings are set against a backdrop of a clear blue sky with scattered white clouds. In the foreground, there is a paved area with some greenery and a small pond. A red line graphic starts from a white circle on the left and curves upwards and to the right, pointing towards the blue building.
